Draft client follow-up

Summarize standup

Plan Q3 launch

Research AI trends

Ask anything...

Knowledge workers are drowning in low-value tasks

Email overload

2+ hours/day writing and replying to routine messages.

Meeting noise

Decisions and action items lost in 60-minute calls.

Poor prioritization

Tasks pile up without a clear daily plan.

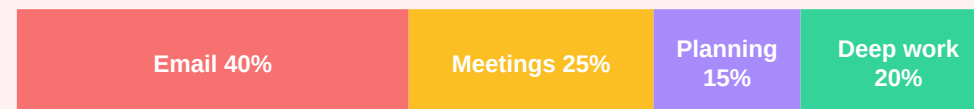

Research drag

Hours scanning sources for a 5-bullet summary.

Before vs. After

BEFORE

8h workday

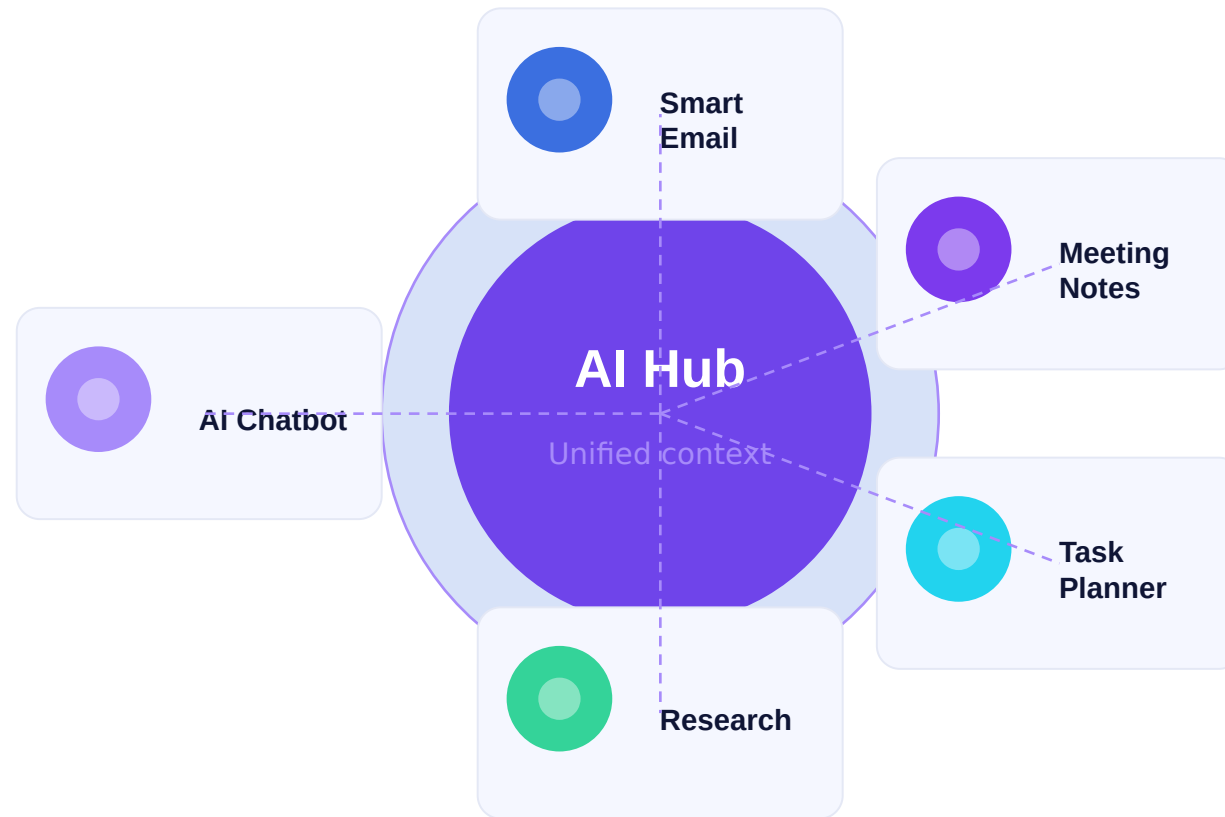

AFTER

8h workday · with AIWPA

Five AI tools, one intelligent hub

Shared memory · Structured prompts · Editable outputs · Responsible AI

Smart Email & Meeting Summarizer

Draft emails in seconds and turn 60 minutes of transcript into a 60-second brief.

Professional drafting

From a one-line brief to a polished, on-tone email.

Multiple tones

Formal, friendly, persuasive, concise — you choose.

Key points extracted

Topline highlights, decisions, and action items.

Fully editable

Review and tweak every AI output before sending.

Compose — Follow up on Q3 proposal

Subject: Following up on our Q3 proposal

Hi Sarah,

Thanks again for Tuesday's call — wanted to check if you had a chance to review the updated proposal.

Happy to jump on a 15-min call this week to walk through it.

Best, Alex

Task Planner, Research & Chatbot

Plan your day, research any topic, and chat with your AI copilot — all in one place.

Task Planner

- Daily & weekly plans
- Priority ranking
- Learns from completion

Research Assistant

- Topic summaries
- Key insights
- Pros & recommendations

AI Chatbot

- Interactive Q&A
- Content drafting
- Productivity guidance

Today · Thursday, June 4

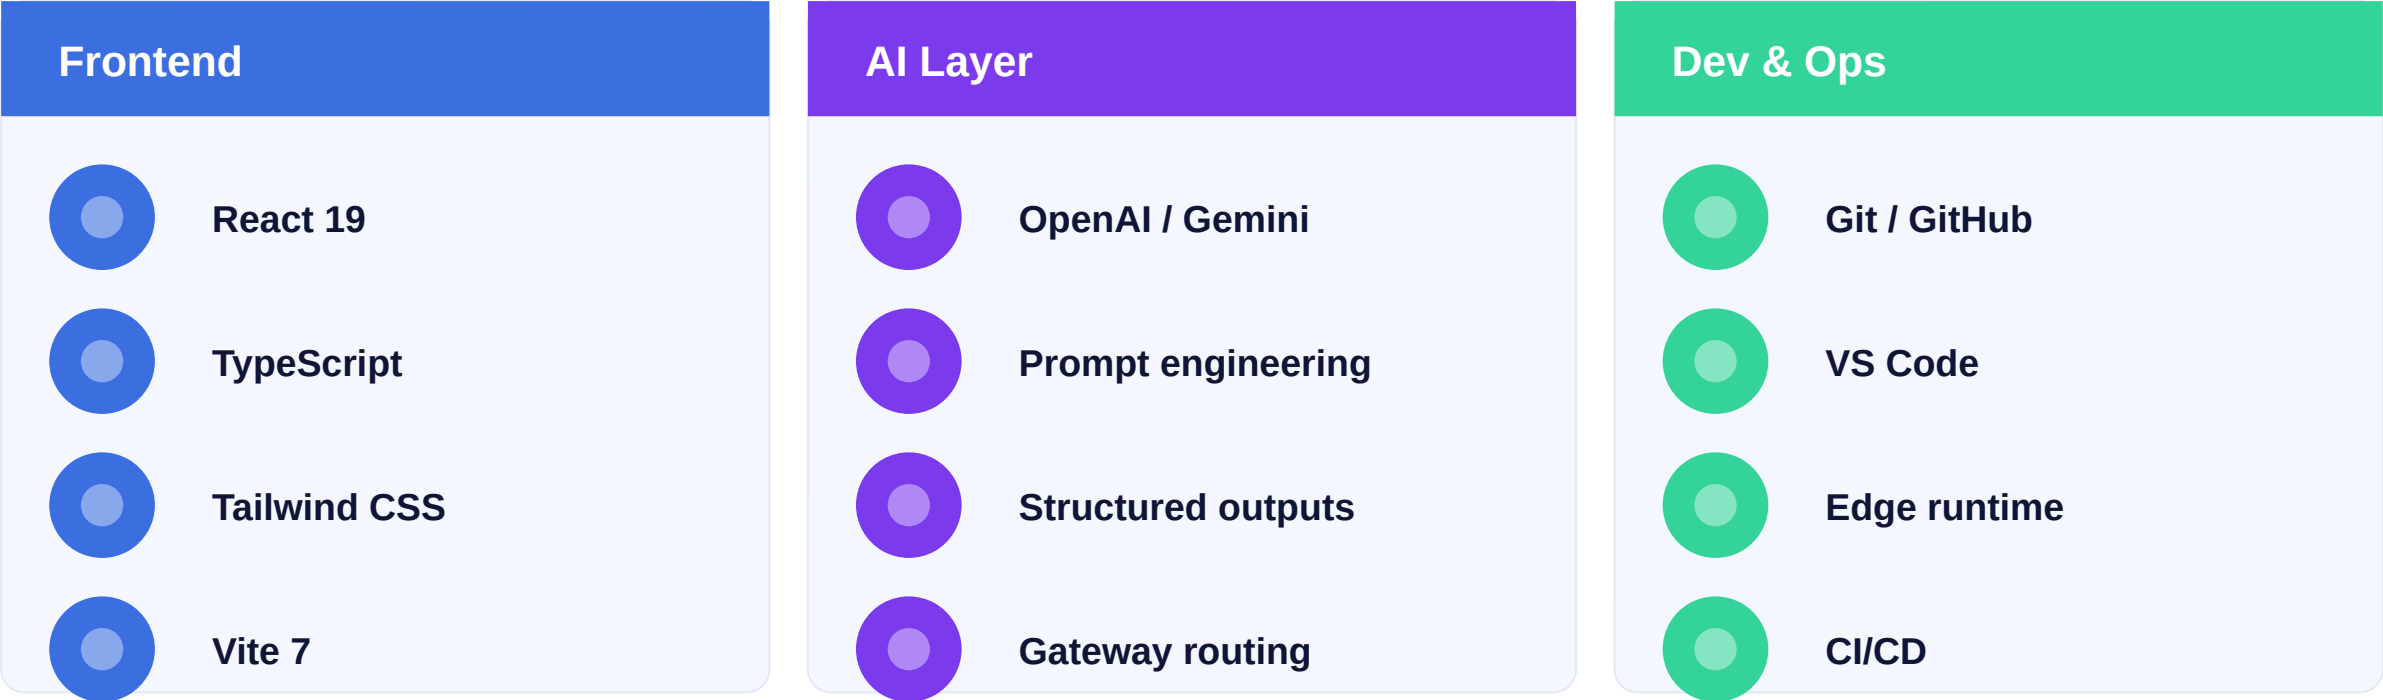

09:00 Deep work — Q3 roadmap
11:00 Product sync
13:00 Research — pricing
15:30 Focus block — write spec

AI Assistant

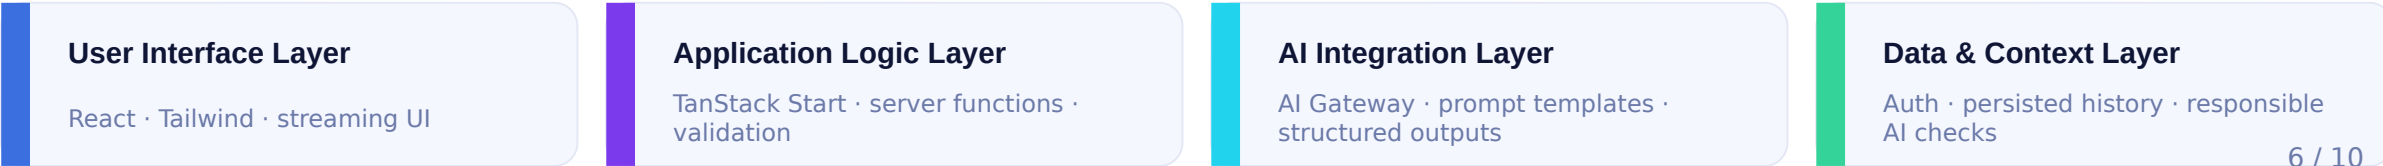

Help me prep talking points for tomorrow's exec review.

5-point structure: wins, risks, Q3 themes, asks, timeline.

Built on a modern, type-safe stack

System Architecture

Responsible AI by design

Human review

Every AI output is editable. Nothing is auto-sent.

Ethical usage

Clear guardrails for sensitive topics and tone.

Data privacy

Minimal data, encrypted at rest and in transit.

Transparency

Disclaimers on every AI surface; logs are auditable.

⚠️ **AI-generated responses may be inaccurate. Always verify important information before acting.**
